- Commission rates to match the nature of your auction needs.
- Professionally achieve our mutual goal - -

# SOLD!

## Why Auction??

There are **2** ways to sell.

On the market for months  
or **OFF**  
the Market in minutes!!

Auction- sets the time your property will sell

Auction- accelerates the sale of your Real Estate by exposing the property to a large number of potential buyers which assures you - the seller, that the property will bring the true market value on the day of your choice.

Auction- creates a quick disposal to reduce long term costs, including taxes and maintenance.

Auction- creates competition between buyers

Property sells "as is - where is", free of appraisal and contingencies such inspections, finance or sale of current property. This reduces your,,,, the seller's,,,, frustration for possible long term on the market for months with conventional marketing to 30-60 days to finalizing the contract.

**HUFF**  
• REALTY •

# AUCTION THE DEFINITE MARKETING ADVANTAGE!!

Plus we offer all the great  
latest technology that  
**HUFF REALTY**  
has to offer.
